Warranty Policy

Owner: Customer Support team. Effective 1 July 2025.

All Acme Outdoor Gear products carry a warranty against manufacturing defects for twenty-four (24) months from the date of sale to the end customer.

The warranty does not cover normal wear, accidental damage, or damage from improper care such as machine-washing down products.

Warranty claims must include the original order number and a photo of the fault. Support staff assess claims within three working days.

Where a supplier defect is confirmed, Purchasing recovers the cost from the supplier under the Supplier Quality Policy.
